

JACK ROEHRIG

17 Belinda Dr. Pleasant Hill, CA 94523

925.588.5127; jackery@jackery.com

Skills

- **Operating Systems:** Linux (many flavors), BSD, UNIX (several variants), Windows, embedded systems, Solaris/SunOS.
- **Computer Languages:**
 - Proficient in C, C++, HTML, PHP, Java, L^AT_EX, UNIX Shells, Python, TCL/TK, PERL, R, MIPS/X86 Assembly.
 - Experienced in programming concepts such as Threads, Data Structures, Algorithm Design, VMware automation, and UNIX Kernel Programming.
- **Tools and Systems:**
 - Proficient in VMware, Apache, BIND, Sendmail, Make, Rsync, SSHD, VI, MySQL, Samba, NFS, ZenOss, NTP, RHEL kickstart, SVN, and many others.
 - Familiar with PostgresQL.

Education

- **University of California at Davis**—Davis, CA – Majored in Computer Science
Graduated Winter, 2008
 - B.S. Computer Science
- **Diablo Valley College**—Pleasant Hill, CA – Majored in Computer Science
Graduated Spring, 2006
 - A.S. Computer Science
 - A.A. Liberal Arts
 - A.A. Intersegmental General Education Transfer Curriculum

Experience

- **IAC SAM/Ask.com**—Oakland, CA — April, 2008–Present
UNIX Systems Administrator 3
 - Was part of a team that designed, implemented, and maintained complex production VMware-virtualized environment
 - Engineered, built, and maintained highly-availably production networks.
 - Automated processes to minimize level of human interaction.
 - Participated in 24/7/365 on-call support.
 - Created tools and scripts to ease teammates' daily processes.
- **Silicon Valley College**—Walnut Creek, CA — January, 2001–June, 2002
Systems Administrator/Seminar Lecturer
 - Maintained student network and provided user support.

- Maintained UNIX-based production network.
- Taught seminars in advanced UNIX.
